

Sweet Serenade

Pusha T

Come on, let's toast the champagne, this one's for the life
Did everything you could, to be here for the night
Man it feels good, everything is right
Energy is strong enough to brighten city lights
My whole team winnin', no vision on quittin'
I'd rather say I did than let them busters say I didn't
Let-let-let-let 'em talk about it mane, I'm already livin'
I risk my life to try everyday to go and get it, get it, get it
Came from the bottom, no one said it would be fair
Now I'm on this money, lounging like it's a beach chair
Poppa don't preach, all we do is just reach here
Raised round killers, we just happy to be here
Spot 'em, got 'em, let your soul pay your dues
While my hoes doing magic, voodoo moulin rouge
That's a tactic that they use, fuck 'em high then suck 'em dry
Before you know it her Q7 is buzzing by
The queen pin to the king pin redeems him
The boat comes, the dope drums, my team wins
Yughck! This the life that we made
Gun shots in the dark like a sweet serenade
Come on, let's toast the champagne, this one's for the life
Did everything you could, to be here for the night
Man it feels good, everything is right
Energy is strong enough to brighten city lights
My whole team winnin', no vision on quittin'
I'd rather say I did than let them busters say I didn't
Let-let-let-let 'em talk about it mane, I'm already livin'
I risk my life to try everyday to go and get it, get it, get it
Supreme ballers, all my niggas got ESPY's
Triple doubles, both wrist and neck freeze
Triple doubles, two bricks and tech squeeze
Triple doubles, two hoes and check please (Woo!)
They love me on my Ric Flair shit (Woo!)
In that Phantom like I'm Blair Witch (Woo!)
Who are you to be compared with? (Woo!)
Ain't no niggas that you bled with
Caught cases ran base and road aces
Lick shots or left bodies with no traces
Yughck! This the life that we made
Gun shots in the dark like a sweet serenade nigga!
Come on, let's toast the champagne, this one's for the life
Did everything you could, to be here for the night
Man it feels good, everything is right

Energy is strong enough to brighten city lights
My whole team winnin', no vision on quittin'
I'd rather say I did than let them busters say I didn't
Let-let-let-let 'em talk about it mane, I'm already livin'
I risk my life to try everyday to go and get it, get it, get itLook, my ouija board don't never lie to me
The best rapper living, I know who's alive to me
Yeah, the competition's all but died to me
Raah, I make these mothafuckas hide from me
The Sergio Tacchini life we uphold
You just posing for them pics so you can upload
Yughck! This the life that we made
Gun shots in the dark like a sweet serenade nigga!Come on, let's toast the champagne, this one's for the life
Did everything you could, to be here for the night
Man it feels good, everything is right
Energy is strong enough to brighten city lights
My whole team winnin', no vision on quittin'
I'd rather say I did than let them busters say I didn't
Let-let-let-let 'em talk about it mane, I'm already livin'
I risk my life to try everyday to go and get it, get it, get it
