Shadow of Love

Sloan

Living in the shadow of love
Tricked by an indirect light
Anyone who isn't above
Whatever's gonna make it all right
Living in the shadow I know I knowBut knowing doesn't make it untrue
Living in the shadow of love
Is all some people can doWho let who down who broke whose heart?
Let the negotiations start oh!And if I had to guess
Your offer's in excess
Of next to nothing, nothing or lessLiving in the shadow of love
Tricked by an indirect light
Anyone who isn't above
Whatever's gonna make it all right
Living in the shadow I know I knowBut knowing doesn't make it untrue
Living in the shadow of love
Is all some people can doYou keep this up and we just might
Stay here and play this out all night oh!Show me someone who knows
Where everything comes from
I'll try to show you why anything goesLiving in the shadow of love
Tricked by an indirect light
Anyone who isn't above
Whatever's gonna make it all right
Living in the shadow I know I know
But knowing doesn't make it untrue
Living in the shadow of love
I know I know
Living in the shadow of love
Is all some people can do
Living in the shadow of love
