

Body Talk

Foxes

Days like these
I just want you back
I can't breathe
I can't even speak
No La la la la la la Gotta rise
Gotta fight
Cause it's something I wanted
Oh, he's got to go
I can see in the light
It's not right
Now I know
I don't need him Ooh, let your body talk
Even when you feel so lost
Spinning when the tears
They fall, you gotta just let it go La la la la la Days like these
I don't want you back
Now I feel free
Gonna keep it like that yeah Gotta rise
Gotta fight
Cause it's something I wanted
Oh, he's got to go
I can see in the light
It's not right
Now I know
I don't need him Ooh, let your body talk
Even when you feel so lost
Spinning when the tears
They fall, you gotta just let it go Ooh, let your body talk
Even when you feel so lost
Spinning when the tears
They fall, you gotta just let it go Eh-eh-eh
Eh-eh
Eh-eh-eh
Eh-eh Days like these
I can't even speak like
La la la la la la la la la Ooh, let your body talk
Even when you feel so lost
Spinning when the tears
They fall, you gotta just let it go Ooh, let your body talk

Even when you feel so lost
Spinning when the tears
They fall, you gotta just let it go
Let your body talk
