Good People

Audio Adrenaline

I grew up impressed by the people I knew
In the buckle of the Bible belt
Hopped in the van with the band
Now, I've been just about everywhere elseMet a soldier from Seattle and a lawyer from the East
A Texas oil baron and a Roman Catholic priestEvery day I choose to walk in their shoes
'Cause pretty are the feet of those
Who bring the Good News'Cause it's a good people, yeah
Good, good people
Everywhere, everywhere
It's God's peopleBeen on the road, been far from home
But I found me a friend or two
Time has taught me well and I can tell you
The good things people doThey really care and I've been there
Seen it with my eyes
I can tell that they're God's people
By the goodness in their livesEvery day I choose to walk in their shoes
'Cause pretty are the feet of those
Who bring the Good News'Cause it's a good people, yeah
Good, good people
Everywhere, everywhere
It's God's people'Cause it's a good people
Good, good people
Everywhere, everywhere
It's God's people, oohGood people, good, good people
Everywhere, everywhere
It's God's peopleOh good, good, good people, yeah
Good, good people
Everywhere, everywhere
It's God's people, yeah'Cause it's a good, good people, yeah
Good, good people
Everywhere, everywhere
It's God's people, yeah, yeah, ooh, yeah
