

# Fatal Attraction

## Mumzy Stranger

Oh, the fatal attraction, girl!  
It was once upon a time,  
I never thought I would ever find  
A beautiful lady in my mind,  
I bet she used smiling as a sign.  
Why, do I feel like time is flying by?  
I wanna call you, I don't wanna hide. Oh girl I wanna see, I wanna be  
Everything that you ever need,  
But my emotions are lying  
And I can't stop denying.  
I'm afraid about what you'll say,  
And I don't know how to ever walk away,  
And I really wanna tell you, girl  
but I'm scared you will bring my world! [Chorus:]  
The fatal attraction,  
Makes me want to see you once again,  
The fatal attraction,  
Is stopping me from staring at your hair,  
The fatal attraction,  
You may feel that I don't even care,  
The fatal attraction, the fatal attraction,  
Baby, The fatal attraction!  
Make me wanna see! Girl, I'm looking at your message every night,  
I'm dissipated only to rewind  
And baby I've tried to figure out a way,  
To trust myself and not run away, oh! Oh girl I wanna see, I wanna be  
Everything that you ever need,  
But my emotions are lying  
And I can't stop denying.  
I'm afraid about what you'll say,  
And I don't know how to ever walk away,  
And I really wanna tell you, girl  
But I'm scared you will bring my world! [Chorus:]  
The fatal attraction,  
Makes me want to see you once again,  
The fatal attraction,  
Is stopping me from staring at your hair,  
The fatal attraction,  
You may feel that I don't even care,

The fatal attraction, the fatal attraction,  
Baby, The fatal attraction!  
Make me wanna see!Oh...You're my fatal attraction..I question myself why I'm taking so long to be married(be  
your man),  
The feel is just tripping in my head(in my head),  
And girl I know,  
Now I gotta make a move in order for you find love for me  
Now it's time for me to see,  
Have I got what it takes to be.  
Fatal attraction, girl!  
Fatal attraction, girl!  
You feel attraction, you feel attraction,  
You feel attraction, you feel attraction,  
You feel attraction, you feel attraction!The fatal attraction,(x6)  
Makes me want to see you once...  
I'm afraid of rejection,  
Is stopping me from staring at your ...  
The fatal attraction,  
You may feel that I don't even care.  
Girl, you're my favorite attraction!
