Goodbye Cruel World

Cold

Well all my friends are takin' over
To make a mess of me
Well all my friends are broken ugly
Make a mess of meThen I saw a river fall from Heaven
Rain mistakes on me
Then I saw your mother shoot your father
Killed herself the sameWell all my friends have made a cyclone
To make a mess of me
Well all my friends have broken silence
To make a mess of me
Well I saw itWell all my friends are takin' over
To make a mess of me
Well all my friends are broken ugly
Make a mess of meThen I saw a river fall from Heaven
Rain mistakes on me
Then I saw your mother shoot your father
Killed herself the sameThen I saw a river fall from Heaven
Rain mistakes on me
Then I saw your mother shoot your father
Killed herself the sameWhen I saw her
When I saw her
When I saw her
When I saw her
Get the gun out
Load the bullets
Shot that fucker [Incomprehensible]
