

# Thought's a Waste of Time

Joy Zipper

I'm sad because you know it's going to end before it starts  
And I'm sorry for misusing myself and for losing ground  
I put it next to my heart when I didn't know what it was  
Now I'm thinking all the time  
Ooooooh

Thought's a waste of time, baby  
Yeah  
Thought's a waste of time, baby  
I put it next to my heart when I didn't know what it was  
Now I'm thinking all the time

I came around to find something I thought would never end  
But I found another version of what I thought was in my head  
I let it into my heart when I thought it was something else  
Now I'm wasting all my time

Thought's a waste of time, baby  
Oooh, yeah  
Thought's a waste of time baby  
Ooooh, awww

Thought's a waste of time, baby  
I let it into my heart when I thought it was something else  
Now I'm wasting all my time  
Thought's a waste of time, baby

Oooh  
Thought's a waste of time

Thoughts a waste of time, baby  
Yeah  
Thought's a waste of time, baby  
Awww

I put it next to my heart, baby  
Yeah  
I'm wasted all the time, baby
