New Covenant

Shira

V1
He said "This is my body" as He held up the bread
Each time you eat of it, remember
That I was broken for you just like the bread
My body broken just for you

V2
And this is my blood, He took the cup and said
"Each time you drink of it, remember
That it's a token of the blood I shed
Oh take the cup I bought for you"

Chorus
A new covenant I give to you
Pour out my loves so you can live my life
Always remember that I die for you
When you eat of the bread and drink the wine.

Repeat V1 and V2
Repeat Chorus

Bridge
For I am the passover Lamb
No one brought aside
I came to be the sin offering
The final sacrifice

My new covenant I give to you
Pour out my loves so you can live my life
Always remember that I die for you
When you eat of the bread and drink the wine

Repeat Chorus
Then repeat:
Always remember that I die for you
When you eat of the bread and drink the wine (2x)
