All Systems Go

Icarus

If you're ready to fall in love
Here's the thing you've been dreaming of
Scientific fact that you should knowIf you're ready to give your heart
And you don't know which way to start
And you're afraid, you'll go against the flowAsk anyone who's ever been given the blow
If you'll know when all systems are goAll systems go, oh, all systems go, oh
All systems go, all systems go, all systems go
All systems go, all systems go, all systems goIs your mind in computer mode?
And all your senses in overload
And all controls for take off in your hands200,000 watts of my love
Are starting to glow
Let you know that all systems are goAll systems go, oh, all systems go, oh
All systems go, all systems go, all systems go
All systems go, all systems go, all systems goYou're on a one way trip to the sun
Your heart's on fire and you're ready to run
Faster now faster, we're headin' out for planet marsLove on sudden impact
Every thing's under control
And all systems are go
All systems goAll systems go, all systems go, all systems go
All systems go, all systems go, all systems go
All systems go, all systems go, all systems go
All systems go, all systems go, all systems go
