Bean Bag Shake

Tumble Tots

Shake your bean bag,
Shake your bean bag,
Shake, shake, shake it high.
Shake your bean bag,
Shake your bean bag,
Shake it way up in the sky.
Put your bean bag on your head,
Hold it there just like a hat.
Put it on your feet instead,
Give your bean bag one small pat.Shake your bean bag,
Shake your bean bag,
Shake, shake, shake it high.
Shake your bean bag,
Shake your bean bag,
Shake it way up in the sky.Put your bean bag on your toes, on your knees,
Don't let it fall.
Now then put it on your nose,
Then stretch up
And feel so tall.
Hold your bean bag in your hands,
Drop it down
Upon the ground.
Skip around it where it lands.
Dance and skip
All around.
Skip around bean bag,
Skip around bean bag,
Skip, skip
Don't tell me why.
Shake your bean bag,
Shake your bean bag,
Shake it high up in the sky.
Hold your bean bag out in front,
Swing it round and round and round.
Now let's hold it tight and jump.
Jump, jump, jump,
Up and down.Shake your bean bag,
Shake your bean bag,
Shake and jump way up high.

Shake your bean bag,
Shake, shake, shake
And wave good-bye.
