Something True

Youth in Revolt

I've always wanted to think
That life has more to it than this
That wishes do come true
Yes they do exist
Just depending on how you look at it

[Chorus]
If I believe in everything
Am I a fool?
I've got my heart depending on something true

Sometimes innocence and play
Soon get up and they walk away
When the struggle of
Growing up becomes
More to us than we can take

[Chorus]

As I look back on all the things I have wished
I realize that I have gotten all of it

[Chorus]
