

The Other Chick

JoJo

[Verse 1:] You told me that she's the girl you just look down on

La La La Bum Bum La La La La

You love me more cuz I'm the one you put your mouth on

La La La Bum Bum La La La La

You don't even look her way

Cuz shes so 'effin yesterday But you pull up to the party

She in the passenger's seat

I thought that girl was a joke

But shes laughing at me [Chorus:] Come to find out,

That I'm the other chick

And you never loved me

She was so over me

Now there's no doubt,

That I'm the other chick

And you never loved me

Cuz I'm just the other chick [Verse 2:] So I was just some babe that you eff'd around on

La La La Bum Bum La La La La

I must admit your good

Oh yea, you got the crown on

La La La Bum Bum La La La La

I'm so effing yesterday

Cuz you don't remember my name

I'm so much hotter than her

But I guess you disagree

I thought that girl was a joke

But shes laughing at me [Chorus:] Come to find out,

That I'm the other chick

And you never loved me

She was so over me

Now there's no doubt,

That I'm the other chick

And you never loved me

Cuz I'm just the other chick [Bridge:] I had the keys to your car

She had the key to your heart

Such a mistake on your part

Good love cant lie

Cuz I'll be fine

Oh Yeah by the way

I faked it everytime [Chorus:] Come to find out,

That I'm the other chick
And you never loved me
She was so over me
Now there's no doubt,
That I'm the other chick
And you never loved me
Cuz I'm just the other chick. x2Other, other...
