Superhot

Gabriella Cilmi

I'm calling for you You're spinning me round like a hurricane Come, a come, a run jump on the milky way A lipstick rocket ship, I'm about to fly Universe flies by, I catch a ride Maybe we could hang together 'Cause I got these feelings for ya Gotta get my groove on tonight Stick around and jump on He's a superhot guy It's a superhot ride He's a superhot guy It's a superhot ride I don't know what you do I don't want to jump off this ride I don't know what you do But I want the stars to collide I'm calling for you My heart's on the line, I need you I don't know what you do I don't want to jump off this ride I sky rocket in the pocket for your love Getting skizzy for a ticket to your heart Tongue-tied when I think about your touch Flash cash count dollars in the credit crunch Maybe we could hang together 'Cause I got these feelings for ya Guess I'm saying that I'm falling Falling like a shooting star He's a superhot guy It's a superhot ride He's a superhot guy It's a superhot ride I don't know what you do I don't want to jump off this ride I don't know what you do But I want the stars to collide I'm calling for you My heart's on the line, I need you

I don't know what you do I don't want to jump off this ride Yes, I want you to want me The way that I want you Yes, I want you to want me The way that I want you Yes, I want you to want me The way that I want you Yes, I want you to want me The way that I want you Maybe we could hang together 'Cause I got these feelings for ya I don't know what you do I don't want to jump off this ride I don't know what you do But I want the stars to collide I'm calling for you My heart's on the line, I need you I don't know what you do I don't want to jump off this ride
