Return To Austria (Demo)

Robin Gibb

I walk away from this life, just like my woman my wife
She soon grew tired and she travelled, Stockholm, New York
Return to Austria, I still love you
More than you ever know
Return to Austria, can't stop drinkingYou're all I'm thinking of my love
I look at our photographs, good days and bad times in past
I cried as you packed your paces, places, faces
Return to Austria, I still love youMore than you ever know
Return to Austria, can't stop drinking
You're all I'm thinking of my love
