Hideous Reprisal

Malevolent Creation

Broken hide, torn back skin
Drown in blood and painMangled, malignity
Innards manifest
Tendons, peel back
Carnage rippedMuscles flap, nerve ends shriek
Spine torn from your brainMangled...
...carnage rippedTrashVile stench, shredded vein
Blue pus spewing pure
Dislocate, broken legs
Mutilated formRip, sploreBroken hide...
...blood and pain
Muscles flap, ripped in half
Spine torn from your brain
