

# He's My Thing

## Babes in Toyland

He's my thing  
Stay away from my thing  
Why don't you get your own one around?  
He's my thing  
He's my thing  
I kept for myself and not for you  
He's my thing I kept for myself and nobody else  
He's my thing  
Stay away from my thing  
Why don't you get your own one around?  
He's my thing  
Walks around in her boyfriends clothes  
Nobody knows  
She goes  
She goes  
Where she goes  
He's my thing  
Stay away from my thing  
Why don't you get your own one around?  
He's my thing  
He's my thing  
I keep on a hook  
Keep on a hook  
She goes  
She goes where she goes  
He's my thing  
Stay away from my thing  
Why don't you get your own one around?  
Well he's my thing  
Stay away from my thing  
Why don't you get your own one around
