

# Bone Dry

[Andrew Morris](#)

Baby wants me to go cold turkey, bone dry  
No Jack Daniels, no Jim Beam whiskey, bone dry  
No stoppin' after work for a beer with the guys  
Nothin' in the mornin' to open my eyes  
It's hard comin' down from a permanent high, bone dry  
I got my doubts if I can make it, a bone dry  
It's a crazy world I don't know if I can take it, a bone dry  
It's only been an hour, I'm startin' to shake  
Sixty more minutes and I know I'll break  
How much more of this hell can I take? Bone dry  
Well, bone dry, boy, am I dry as a bone?  
How'd I ever say I'd ever leave it alone?  
Break down, shake down layin' in bed

Covers are soaked and I'm damn near dead and I'm bone dry  
Baby took a look at her cold turkey, bone dry  
I tried to smile but my mouth wasn't working I was bone dry  
This is one promise that I'm gonna keep  
Unless I get lucky and die in my sleep  
One way or the other I'm gonna be bone dry  
Well, bone dry, boy, am I dry as a bone?  
How'd I ever say I'd ever leave it alone?  
Break down, shake down layin' in bed  
Covers are soaked and I'm damn near dead  
Bone dry, bone dry, bone dry, bone dry
