Bulletproof

Attila

I'M HERE AGAINST MY WILL

[Intro]
Get up

[Verse 1]
[?] business
I don't really care about your opinions of me
Born without these emotions
I just live inside the world, nothing's been given to me
I just came to kick ass and take names
And if you want a piece, come and show your face
[Intro]
Get up

[Verse 1]
[?] business
I don't really care about your opinions of me
Born without these emotions
I just live inside the world, nothing's been given to me
I just came to kick ass and take names
And if you want a piece, come and show your face

[Chorus]
Say what you want but nothing can stop me now
Contradict to know what I want
Take a shot and all bets is off
I'm in control so nothing can hold me down
[?]
Too strong to give into words
You know I'm bulletproof

[Verse 2]
You already knw I don't really care about your opinions of me
And if you have to ask, nothing in this world was ever given to me
I just came to kick ass and take names
And if you want a piece, come and show your face

[Chorus]

Say what you want but nothing can stop me now
Contradict to know what I want
Take a shot and all bets is off
I'm in control so nothing can hold me down
[?]
Too strong to give into words
You know I'm bulletproof

[Guitar Solo]

[Bridge]
How does it feel
I am a human target
But I live with this
And I've only just started
You wanna [?] me
But I have nothing to give
And if you feel like you're forgotten
Here's your chance to take it back

[Chorus]
Say what you want but nothing can stop me now
Contradict to know what I want
Take a shot and all bets is off
I'm in control so nothing can hold me down
[?]
Too strong to give into words
Say what you want but nothing can stop me now
Contradict to know what I want
Take a shot and all bets is off
I'm in control so nothing can hold me down
[?]
Too strong to give into words
You know I'm bulletproof
