

# March N' Step

Paul Wall

Ahh, they shouldn't a done this right here  
March now, step now, march now, step  
March now, step now, march now, step  
(Yeah)  
March now, step now, march now, step  
(Blueberry, still connect)  
March now, step now, march now, step  
You gotta march like a soldier, walk it how you talk it  
Play it how you say it and stop acting on that hard shit  
Stripes on my back, is what ya boy go to war wit  
Never been faking or fronting or on that fraud shit  
You gotta march like a soldier  
(Now on my block we just march)  
You gotta walk it like you talk it  
(We got the lil' mamas dipping)  
You gotta march like a soldier  
(Now on my block we just march)  
You gotta walk it like you talk it  
(We got the lil' mamas dipping)  
I'm grinding, I'm posted up on the block like a stop sign  
Raised off of instinct with a mind like Einstein  
I'm a certified hustler and a G  
Trying to metamorphasize a hundred two, a hundred three  
I'm chasing after currency and accumulating green  
With the heart of a lion, I'm on the grind like a dope fien  
I've got the street smarts of Avon Barksdale  
I took a couple hits but I'm still flowing like blood cells  
My money's epidemic, it multiply fast  
I'm grinding in the cut like a piece of broken glass  
Addicted to the hustle, allergic to being broke  
Never falling off 'cuz I stay on my note  
You gotta march like a soldier, walk it how you talk it  
Play it how you say it and stop acting on that hard shit  
Stripes on my back, is what ya boy go to war wit  
Never been faking or fronting or on that fraud shit  
You gotta march like a soldier  
(Now all my hot boys march)  
You gotta walk it like you talk it  
(We got the hot girls dipping)

You gotta march like a soldier  
(Now all my hot boys march)  
You gotta walk it like you talk it  
(We got the hot girls dipping)  
Ay, get off my dick, Hollygroove Weezy  
Young money billionaire, Herm
