Sing

Unwritten Law

This is for the things you never know
It's in the words you say that got me tearing at my soul
And you come to me and I'm come into you
And you're here tonight
Stay with me tonight
It's in the way your hair falls down
With every breath you send me spinning round and round
And these nights they always turn into days
Stay with me tonight
It will be alright
We'll be singing
Take me home
Take me again and again
Save me ooooooh (in someway)
Just make me whole again
Now I'm waiting for you to run
You always say you're in love
So why you saying that you're done
You're just waiting for me to call out your name
Don't you leave tonight
Don't leave tonight
Cuz you're tired of then burning out
And the cross you bear doesn't fit with the crown
And you'll never know just how far we have come

But you'll be alright
Yeah you'll sing tonight
You'll be singing
Take me home
Take me again and again
Save me ooooooh (in someway)
Just make me whole again
Now I'm waiting for you to give me a sign
That you'll be here with me in my darkest time
Probably be here fighting with the morning light
But you know I'll be alright
You know we'll sing tonight
We'll be here singing
Take me home

Take me again and again
Save me ooooooh (in someway)
And just take me home again
We'll be singing
Ohhh ohhh ohhh
Ohhh ohhh ohhh
Ohhh ohhh ohhh
We'll be singing
Take me home
