This life time here

Shits kinda funny

Seems like everybody's out for the money

Everybodys chasin fake fortune and fame

The worlds gone insane it's like we lost our brain

Got the poparazzi snappin pop culture

We feedin on the copies like a packa vultures

I don't give a fuck about brittany or rehab

She gobble nuts

And look like a skinhead Lindsay lohan can swim in the ocean

With two cement shoes and some calamine lotion

Paris hilton can be worth a billion

I wouldnt fuck that bitch with madonna's 10 children

Baby surrey or angie jolina can drink pipe cleana from missadobaleena

Missadobbaleena missabobdobbaleena

I gotta big fat spliff with patron ta kill ha [Chorus]

Think for yourself man don't do like they do, it's a sick world, you just gotta stay true

Stay true and everything'll be cool, you gotta blaze ya own trails and make ya own moves. Think for yourself

man don't do like they do, it's a sick world, you just gotta stay true

Stay true and everything'll be cool, you gotta blaze ya own trails and make ya own moves. [Verse 2 - Insane

Clown Posse]

Ryan seacrest gets a fist through his weak chest

And all the millionaire hot hoes get skeet spits

I gives a fuck whos drunk and fuckin at the grammy's

Loco breakin up or too fuckin skinny

Lil kids walking home mad miles a day

Ask the magic eight ball  
Call a psychic hotline

Stay true and everything'll be cool, you gotta blaze ya own trails and make ya own moves.[Verse 3 - D-Loc]  
I make my own moves so I set my own pace,  
I got my own rules double-dash is the name
