Fireworks

Claps

[Intro]You and I
Together we are one
You and I
Need something to rely onWe're a family now so we need to be accepting
And how they are suspectingThe two of us are just like fireworks
We're gonna break this pain awayThe two of us are just like fireworks
We're gonna break this pain awayThe two of us are just like fireworks
We're gonna break this pain away
As one asked the other
Our costumes so strange
They'll tell the stories
So now they must innateAnd when he leaves with you how can not your love cry?
He is alive
Woah oh oh
Woah oh ohThe two of us are just like fireworks
We're gonna break this pain awayThe two of us are just like fireworks
We're gonna break this pain awayAnd when they come against us as they told us they would
As the screams protect us of course what else could we do?
And as the worlds burn down around us
We're in the light hand in hand, hand in hand
The two of us are just like fireworks
We're gonna break this pain awayThe two of us are just like fireworks
We're gonna break this pain awayThe two of us are just like fireworks
We're gonna break this pain away[Outro]
