

# You Give Me Heartattacks

## Sounds Like Violence

not so long ago  
i passed out, couldn't move and i hit the floor  
i'm badly broken  
i know that you will turn your back on me and then again  
i do the same thing over and over again  
then it gets to me  
i've been through this too many times you give me heartattacks  
you know you give me ten times back  
you give me heartattacks  
you're stabbing knives in my back  
you give me heartattacks  
you know you give me ten times back  
you give me heartattacks, ahhh am braindead  
it's because you shot me in the head  
and it won't take long  
before i break down and then collapse you give me heartattacks  
you know you give me ten times back  
you give me heartattacks  
you're stabbing knives in my back  
you give me heartattacks  
you know you give me ten times back  
you give me heartattacks, ahhh you give me heartattacks
