

Summer (Westphal & Whyman Remix)

[Calvin Harris](#)

When I met you in the summer
To my heartbeat sound
We fell in love
As the leaves turned brown And we could be together baby
As long as skies are blue
You act so innocent now
But you lied so soon
When I met you in the summer When I met you in the summer
To my heartbeat sound
We fell in love
As the leaves turned brown And we could be together baby
As long as skies are blue
You act so innocent now
But you lied so soon
When I met you in the summer Summer When I met you in the summer Summer
