

Burn (Additional Drums By Chris Vrenna)

Nine Inch Nails

This world rejects me
This world threw me away
This world never gave me a chance
This world gonna have to pay Well I don't believe in your institutions
I did what you wanted me to
I'm like the cancer in your system
I've got a little surprise for you Something inside of me
Has opened up its eyes
Why did you put it there?
Did you not realize
This thing inside of me
It screams the loudest sound
Sometimes I think I could Burn I look down from at where you're standing
Flock of sheep out on display
With all your lies bumped up around you
I can take it all away Something inside of me
Has opened up its eyes
Why did you put it there?
Did you not realize
Something inside of me
It screams the loudest sound
Sometimes I think I could I'm gonna burn this whole world down I never was a part of you Burn I was a soldier
I am corruption
I am the agent
Of your destruction
I am perversion
Sick with desire
I am your future
Swallowed up in fire
