Cocaine Hearts

Nylo

Cocaine hearts, do you really beat loud?
Do you really beat strong?
Are you really better off?
Does it make you feel alive?
Does it really make you feel like you are on top of the world?()
Just a little bit more
Then you are gonna stop me
Maybe you're in control, maybe you're not
And if you'll listen to your friends
They will tell you all
So maybe they're not your friends, maybe they are()
Maybe everything's alive
Maybe this is just your plan
Maybe it feels good
That's all you care about
And everyone is telling you
What you already know
But if you live forever then what's the fucking point?()
I'd rather die young and happy
Than to live long and sad
I don't wanna die old and sad
Thinking that I've wasted my chance
To be young and stupid
To be all I can
To run far too fast
And burn a candle at both ends
This is our time, time, time
Don't live forever()
Cocaine hearts, do you really beat loud?
Do you really beat strong?
Are you really better off?
Does it make you feel alive?
Does it really make you feel like you are on top of the world?()
Do you see the fear in people?
This boy is scared to death but the truth is son
It breaks my heart to say this
But I believe you are a very troubled and confused young man
I believe you are searching for the answers in all the wrong places
You're right, actually

I am pretty, I'm pretty troubled and I'm pretty confused
But I, and I'm afraid
Really, really afraid
Really afraid
But I, I think you're the fucking Antichrist.
