Make History

Alyson Stoner

Where ya wanna go?
Where ya wanna go?
Who ya gonna?
Who you wanna be?
Whatcha gonna do?
Where you wanna go?
Who you gonna be?
Who ya wanna be?
Who ya gonna be?
When ya?
When ya?
When ya gonna say?
Whatcha gotta say?
Where ya wanna go?
Where ya goin'?
Hey
You were made for something great
You got history to make
Got history to
Make
Make
So where ya wanna go
Who ya gonna be?
Whatcha gonna?
Whatcha gonna do?
Whatcha gonna say?
What's it gonna be?
What's it gonna be?
Hey
Everybody on your feet
You reach as high as you can dream
So never stop imagining
Don't miss a beat
Make history
Whatcha lookin' for?
Whatcha waitin' for?
Who ya gonna?
Who ya wanna be?

What's your destiny?
Tell me, do you know?
Where ya goin'?
'Cause everybody dreams
Everybody thinks
Everybody
Everybody feels these things
Everybody blinks
Ya know what I mean?
But hey
There is no one quite the same
We each got our role to play
We got history to make, make, make
Everybody on your feet
You reach as high as you can dream
So never stop imagining
Don't miss a beat
Make history
'Cause we're all individuals
With unlimited potential
Look at all these people
Connected by the dream
Of the change we're gonna bring
So everybody sing
Everybody on your feet
You reach as high as you can dream
So never stop imagining
Don't miss a beat
Make history
Everybody on your feet
You reach as high as you can dream
Imagine every wish came true
It's up to you (up to you)
Get on your feet (get on your feet)
Let the record speak
Make history
