

Late Night Obama Food

Electric Six

¿CÃ³mo se dice late night Obama food?
How do you say late night Obama food?
Something hot to put you in the mood
In the mood for late night Obama food
In the mood for late night Obama food
In the mood for late night Obama food
YEAH! I'm in the mood
Gimme gimme gimme processed food
'Cos I'm living in the city
And I gotta eat something
Licking finger good looking good
Like I knew it would
'Cos I'm living in the city
And I gotta eat something
And I don't care how it makes me feel
All I gotta have is a combo meal
A number two
A number five
A number three
Another number one
It tastes like Thomas Jefferson¿CÃ³mo se dice late night pizza co?
How do you say late night pizza co?
You decide on late night pizza co
Make the call to late night pizza co
You receive the late night pizza co
And you eat the late night pizza coWe are desperate
We'll eat anything they put inside a box
We are snake bit
Corporation food fucking rocks
¿CÃ³mo se dice lack of discipline?
How do you say lack of discipline?
¿CÃ³mo se dice lack of discipline?
How do you say lack of discipline?We are starving
But we're eating more than we ever did before
We are barfing
With no idea what vegetables are for
We are dancing on the greasy floor
We are prisoners of our own war
Baby come with me

We could eat for free
