Upside Down

Drowning Pool

Come on
Born to lose maybe but not through you
Not like you, thank your God, not, you're too confusedLittle one what I need ain't what you bleed
You've got your words twisted funny
A simple fool ain't what I am nor yesterday
You tend to burn me all so clean
You always point your fingerYou've got me hanging upside down
Deep inside you've got me all wrong now
You've got me hanging upside down
On a cross, that's burning, burningBreak my back under the weight of your eyes
Broken by your one-sided compromise, come onDrop a dime on what you say is everything
Not for you, no time for any saving grace
This fire's burning brighter
Your tongue, a match that ignites these flames
So quick to point your fingerYou've got me hanging upside down
Deep inside you've got me all wrong now
You've got me hanging upside down
On a cross, that's burning, burningYou're not changing me
You got me all wrong now
You're not changing me
You got me all wrong nowYou got me hangingYou've got me hanging upside down
You've got me all wrong now
You've got me hanging upside down
You've got me all wrong nowYou've got me hanging upside down
Deep inside you've got me all wrong now
You've got me hanging upside down
On a cross, that you're burningYou've got me hanging upside down
Deep inside you've got, you got me wrong
You've got me hanging upside down
On a cross, that you're burningYou're not changing me
You got me all wrong now
You're not changing me
You got me all wrong now
