The Revolution In Me

Black Country Communion

I seen the tallest mountains
I've drank your finest wine
I've been your soldier of fortunes
I bend down to my last dime
Now it's mind over matter
Story of legends, you'll see
Like the fields of Dunkirk
Still The Revolution In Me
I marched my army to New Orleans
Burning everything in sight
Ides of March are up on me
Won't take me without a fight
Now it's mind over matter
Story of legends, you'll see

Like the fields of Dunkirk
Still The Revolution In Me
I always handle my business
Promptly rolled the dice
I'm forty now, my best
days are gone
Still have fire in my eyes
Now it's mind over matter
Story of legends, you'll see
Like the fields of Dunkirk
Still The Revolution In Me
Now it's my mind that matters
Still The Revolution In Me
Still The Revolution In Me
