

Wreckless Love

Alicia Keys

Oh, yeah, O.K.
Let's take it back a little bit
Ya know, it's not that it's no good now, I just
I'm remembering how, but let me tell you Lets go back in time when seeing your ID on mine
Made me crazy, oh baby, I'm sayin'
Lets go back there
(Go back there)
Lets take it there
(Take it there) I'm talking bout, back in time
When you wanted to know my every move
Tried to keep it smooth
Keepin up with me, you drove me crazy, oh baby
Lets go back there
(Go back there)
Lets take it there
(Take it there) When you didn't know me, didn't need me
Wanted to touch me, couldn't leave me
I couldn't know how far this would go
I couldn't know if this was for sure We just could not
We just could not get enough of it Baby lets go have that wreckless love, that crazy love
That off the wall, wont stop till I get enough kind of love
I need that love So baby lets go have that wreckless love, that crazy love
That I dont really care we can have it anywhere kind of love
That wreckless love Lets go back in time when our kiss was brand new
An adventure not perfected, a little hesitant
Lets go back there
(Go back there)
Lets take it there
(Take it there)
Ooh, baby now Take it back in time when forever was a minute
And eternity was a second
Im stressing that we gotta go back there
(Go back there)
Lets take it there
(Take it there) When you didn't know me, didn't need me
Wanted to touch me, couldn't leave me
I couldn't know how far this would go
I couldn't know if this was for sure We just could not
We just could not get enough of it Baby lets go have that wreckless love, that crazy love

That off the wall, wont stop till I get enough kind of love
I need that loveSo baby lets go, have that wreckless love, that crazy love
That I dont really care we can have it anywhere kind of love
That wreckless loveOh baby let's go, have that wreckless love, that crazy love
That off the wall, wont stop till I get enough kind of love
I need that loveSo baby lets go, have that wreckless love, that crazy love
That I dont really care we can have it anywhere kind of love
That wreckless love
