

Resistance (feat. JhenË© Aiko)

Hudson Mohawke

We are one
If we run we're bound to fall in love
The resistance
Cause if we run, we're bound to lose someone
The resistanceHe's killing me in my chest
He's killing me at his worst
His memories at his best
That goes unsaid
I taste your breath
Got to hand it to you cause you fall but
You're still standing
The resistanceThis love is not a test
It's tyranny at it's worst
It's guidance at it's best
We both undress, we're not done yet
And if we run than nothing just sudden death
Don't resist itWe are one
If we run we're bound to fall in love
The resistance
Cause if we run, we're bound to lose someone
The resistance
