

# Remanufacture

## Fear Factory

Desensitized by the values of life  
Maligned and despaired by government lies  
Revenge, so strong, taste it, on my tongue  
My gun, will be your angel of mercy  
I've got no more goddamn regrets  
I've got no more goddamn respect  
I've got no more goddamn regrets  
I've got no more goddamn respect  
Revenge, so strong, taste it on my tongue  
My gun, will be, your angel of mercy  
I've got no more goddamn regrets  
I've got no more goddamn respect  
I've got no more goddamn regrets  
I've got no more goddamn respect  
I've got no more goddamn regrets  
Regrets, respect  
I've got no more goddamn respect  
Regrets, respect
