Friday Night

The Darkness

Hey you!
Do you remember me
I used to sit next to you at school
We indulged in all the extra-curricular activites
We weren't particularly cool

Monday cycling
Tuesday gymnastics
Dancing on a Friday night
I got Bridge Club on Wednesday
Archery on Thursday
Dancing on a Friday night

Hey you!
Could you ever fall for me
The way I fell for you
And do you dwell upon the thoughts that I occupy
Or do you give yourself things to do?

Monday rowing
Tuesday badminton
Dancing on a Friday night
I got ping pong on Wednesday
Needlework on Thursday
Dancing on a Friday night
With you, with you

Monday, Tuesday
Wednesday, Thursday
Dancing on a Friday night
Let the music smother me
Whole weekend recovery
Dancing on a Friday night

See the lady I adore
Dancing on the dancing floor
Dancing on a Friday night
God, the way she moves me
To write bad poetry
Dancing on a Friday night

With you.
