

Birch Tree

Foals

[Verse 1]

The city I was born in

I left a long time ago

We lost touch

Grew apart my friend

My heart's an old pole dancer

Troubled romancer, you know

It's a subway chancer

A question with no answer[Chorus]

Come meet me by the river

See how time it flows

I'll meet you by the river

See how time it flows[Verse 2]

And when we age

Shed our skin and grow

We shed our layers

Spread our wings and go

My heart's an old black panther

Corrupted financier, you know

It's a troubled romancer

A question with no answer[Chorus x2][Interlude]

Oh

(Yeah)

(Yeah)[Bridge]

Oh now the river runs away but I chase it (yeah)

Time holds no fear when I turn round to face it (yeah)

X 2[Chorus][Outro]

Oh now the river runs away but I chase it

Time holds no fear when I turn round to face it

X 2
