

I Can Do That

Chase N Cashe

Girl I know you know my name, cause it ain't a secrecy
When I be up on the stage, pretty women scream for me
 Men in bright lights, livin life, that's the G in me
 Meet me backstage, post craze, you can leave with me
 Paparazzi fast, cap so fast when you're seen with me
Just to make it last, keep the swag when you creep with me
I wake up to the money from my dreams, let em sleep on me
 Following my heart and my mind, I just think for me
Focused on my heart and my grind, that's what's making me
 Saying what I feel all the time make em hate on me
 Got a couple friends at the top, I told em wait for me
 Made my own key cause they ain't opened the gate for me
 Guess that's why it's lonely at the top so mama pray for me
 That I don't slap a nigga silly if he play with me
 Bout to leave my pack to the millions so they stay with me
 I just need a down ass bitch to come and lay with me
 ()

Taking trips around the world, shopping, coppin, matching furs
Buying diamonds and the pearls, it don't matter we could splurge
 I can do that for you and that for me
 Yea, I can do that for you and that for me
 Fancy dinners, caviar, cameras everywhere we are
 Black cars, fly cars, living life 5 star
 I can do that for you and that for me
 Yea, I can do that for you and that for me()

Even though I want you girl you know that I don't need you
 Baby I'm living single and ain't looking for kadeja
 Baby I'm spending singles, if you pop it you can see em
 Turn em into Ben Franklins if you tryna meet him
 Gotta ride til the wheels fallin off and run flat
 If our back' up against the wall tell em run now
 Tell them bitches come back with that paid in full
 Or we gon run through these streets like a raging bull
 You the Bonnie to my Clyde, the bay to my jay
 Tell me if you down to ride from BK to the H
 From NO to the A, from LA to the bay
 From US to Japan, for them checks on your man
On the movement for this cash, baby you my human stash
 Invest that money, yea you like a nigga gonna sack

Wearing gold and spending racks, on vacations chilling back
I'm the truest, wanna do it and I know you lovin that
Taking trips around the world, shopping, coppin, matching furs
Buying diamonds and the pearls, it don't matter we could splurge

I can do that for you and that for me

Yea, I can do that for you and that for me

Fancy dinners, caviar, cameras everywhere we are

Black cars, fly cars, living life 5 star

I can do that for you and that for me

Yea, I can do that for you and that for me I can do that for you and that for me

Yea, I can do that for you and that for me

I can do that for you and that for me

Yea, I can do that for you and that for me

I can do that for you and that for me

Yea, I can do that for you and that for me
