Where There's A Will

Sass Jordan

You been holding up your banner
Saying who's the master planner
Who's the cat that got me in this hole?Every time you wish for something
You have set the wheels to running
Hold on tight cause it's the ride you choseBut if you want her to love you
Your gonna get what you give out in the meantime
Make damn sure that you know what you want
'Cause that's what you'll getCareful what you wish for baby
It will all come true someday
Listen hard to every word that you wanna say
Where there's a will, there's a wayEverything is made for changing
We spend lifetimes rearranging
Hopes and dreams that don't turn out like we planned'Cause what you think it is is one thing
But how it feels when you get it is another
Make damn sure that you know what you want
'Cause that's what you'll getCareful what you wish for baby
It will all come true someday
Listen hard to every word that you wanna say
Where there's a will there's a wayEverything you see oh yeah
Isn't what it seems oh yeah
But you'll get what you needCareful what you wish for baby
It will all come true someday
Listen hard to every word that you wanna say
Where there's a will there's a wayCareful what you wish for baby
It will all come true someday
Listen hard to every word that you wanna say
What you wanna say
Where there's a will there's a way
Where there's a will there's a way
There's a way
