

In The Blood

Better Than Ezra

Can you be so warm?
Can you know what I feel?
But it's the way you move your hands
And it's the way you understand And that's the reason that I'm asking
Hey yea ya
And that's the reason that I want to know
Hey yea ya
And that's the reason that I'm asking
Hey yea ya
And that's the reason that I Can you throw away
Everything you lived for?
But it's the way we shake and sway, ah
And it's the passion that you play And that's the reason that I'm asking
Hey yea ya
And that's the reason that I want to know
Hey yea ya
And that's the reason that I'm asking
Hey yea ya
And that's the reason that I Too many lost
Makes it a chain passed down through the years
But ending here if we just face the pain
And the fear, hey Did you love before?
Did they love before you?
But it's the way you move your hands, ah
And it's the way you understand And that's the reason that I'm asking
Hey yea ya
And that's the reason that I want to know
Hey yea ya
And that's the reason that I'm asking
Hey yea ya
And that's the reason that I La la la la la la la
La la la la la la la
La la la la la la
La la la la la la la
La la la la la la la
