Silly Boy

M.B. Padfield

Silly Boy he's in love with me
I don't know what in me he sees
Silly Boy he don't understand but he
still wants to hold my handSilly guy he says he loves my eyes
silly boy he says that i'm his joy
silly lad he says that...
I'm the best he ever had and
He's my Tarzan and I'm his Jane
He says for you girl I will change but my love for you will always remainSilly Boy I'm his moon to his see
he says he'll love me endlessly
silly boy read just like a picture book
a thousand words but hello was all it tookSilly guy he says he loves my eyes
silly boy he says that i'm his joy
silly lad he says that...
I'm the best he ever had and
He's my Tarzan and I'm his Jane
He says for you girl I will change but my love for you will always remainSilly Boy, he gets on one knee
He says wait up for me?
I'm just a silly boy that will never understandSilly guy he says he loves my eyes
silly boy he says that i'm his joy
silly lad he says that...
I'm the best he ever had and
I'll be your Tarzan if you're my Jane
He says my love for you will never change so Jane,
would you like to have my last name
