I Saw a Ship

The Czars

I saw a ship on the horizon
I hadnt seen before
I wanted to cry tears of joy
But I dont have them anymoreIve wasted them on trifles
Things that just dont mean a thing
But when I come back home to you
My love is what Ill bringI saw a ship on the horizon
I hadnt seen before
I wanted to cry tears of joy
But I dont have them anymoreIve wasted them on trifles
Things that just dont mean a thing
And when I come back home to you
My love is what Ill bringI saw a ship on the horizon
I hadnt seen before
I found those tears I lost
Cause you dont love me anymoreYou left me so that you could go
And have an easy life
One filled with zero trouble
And one filled with zero strife
