Mile By Mile

Honeybrowne

It all blew up tonight
I was sure that you were wrong and I was right
I said I don't want to do this anymore
I turned away and started towards the door
Looked back with nothing else to say
I got in my car and drove awayAnd mile by mile
the further I get
the more I remember the more I regret
And mile by mile
I'm coming home yeah I realized I was wrong
It just took awhile
Yeah mile by mileI can't believe the things I said
they still haunt me
they're still running through my head
Baby I know I was unfair
I tried to call you, but this time you weren't thereAnd mile by mile
the further I get
the more I remember the more I regret
And mile by mile
I'm coming home yeah I realized I was wrong
It just took awhile
Yeah mile by mileWe'll walk through this pain
and make it back again
We'll make it to the endAnd mile by mile
the further I get
the more I remember the more I regret
And mile by mile
I'm coming home yeah I realized I was wrong
It just took awhile
Yeah mile by mileMile by Mile
Mile by Mile
