

# Supastar

## Blazin' Squad

Supastar, supastar, supastar,  
supastar, lets blaze it.  
You're my Supastar, Im you're  
number one fan by far, rollin  
in my blacked out car, tinted  
windows dropped made eye  
contact, as a matter of fact,  
I see you're body and it made  
an impact on mine, come  
ride with me, its 6 o'clock,  
come chill on the block,  
we'll go cruising, find a place  
to stop, I think about you  
non-stop, so i'm taking this  
time just to be with you.

(Flava)

6 o'clock I never stop until  
I find what I want, I find what  
I want a fly chick what I want,  
I rock drive through the block,  
it does'nt take long cause  
I'm right in the spto, I've never  
seen a girl like this but she's  
hot, tanned skin long legs  
right on top, now I'm  
with a chick in the whip and  
says stop, come on lets go  
straight to the club.

(Melo-D)

Come on girl let me be your  
Supastar, we can ride all day,  
roof down in the car, then  
stop off get a cold drink at a  
bar, coz you look so fine and  
you shine like a star, you had  
a short white skirt and your  
top cut low, smooth skin and  
the wind would make your  
hair blow, girl your flow was

so tight I just could'nt say no,  
I said jump in the ride buckle  
up and lets go. Supastar, face from a movie  
screen, supastar, like the  
cover of a magazine, no  
matter what you do, you'll  
always be my supastar,  
supastar, I'm your number  
one fan by far, supastar. (Krazy)

You know girl you're my  
supastar, and I'm your number  
one fan by far, you remind me  
of a face from a movie screen,  
I think I've seen you on the  
cover of a magazine, wait,  
hold up, was that all a dream,  
no that's the film that I've  
seen, I wanna touch I wanna  
tease I wanna hold I wanna  
please ya, and I really wanna  
see you again. (Strider)

You're my supastar girl I see  
your name in lights, me and  
you will reach amazing  
heights, you're on the front  
cover of a new magazine,  
then I see your face on a  
movie screen, I like everything  
about ya, your body your  
eyes, girl you're more  
precious than a golden prize,  
everytime I see ya I'm  
hypnotised, I'm your number  
one fan you best realise. (Rocky B)

Jammin in a whip about  
midday, in need of a chick  
coz I just got played, then  
I clocked dis chick walking  
straight my way, a supastar  
chick just like Beyonce,  
she was carrying Gucci and  
Prada bags, so then I thought  
to myself let me help her out,  
pulled over do you want a  
ride, the answer was yes

how could she deny.(Repeat)(Krazy)

Mon cherie, don't you worry

about a thing, whether you

fail or succeed, I want you to

know, you'll always be my.(Repeat x2)
