

# Change Your Mind

Trey Songz

Pretty, pretty girls all around the world  
Pretty, pretty girls all around the world I know that what you heard ain't fly  
'Cause people gone say shit  
Oh oh oh oh  
No difference from all of these women  
But do you believe it  
Oh oh oh oh Ain't by chance that we're here  
Only got one life to live, so  
Let me change your mind  
They say that I'm bad for you that's fine  
Sometimes bad is a good time  
Don't you be shy  
Let me change your mind  
Can't never have a one night only  
But you don't need to be lonely  
Come get to know me  
Let me change your mind Your mind, your mind  
Your mind, your mind  
Your mind, your mind  
Let me change your mind  
Your mind, your mind  
Your mind, your mind  
Your mind, your mind  
Let me change your mind I feel you  
But it won't kill you  
So let me get near you  
Oh oh oh oh  
Your lipstick eat my kisses  
So baby stop tripping  
Oh oh oh oh Ain't by chance that we're here, girl  
Only got one life to live, so  
Let me change your mind  
They say that I'm bad for you that's fine  
Sometimes bad is a good time  
Don't you be shy  
Let me change your mind  
Can't never have a one night only  
But you don't need to be lonely  
Come get to know me

Let me change your mindYour mind, your mind  
Your mind, your mind  
Your mind, your mind  
Let me change your mind  
Your mind, your mind  
Your mind, your mind  
Your mind, your mind  
Let me change your mindPretty, pretty girls all around the world  
I just wanna take my time  
Pretty, pretty girls all around the world  
I just wanna change your minds  
Pretty, pretty girls all around the world  
I just wanna take my time  
Pretty, pretty girls maybe you can  
Let me change your mindThey say that I'm bad for you that's fine  
Sometimes bad is a good time  
Don't you be shy  
Let me change your mind  
Can't never have a one night only  
But you don't need to be lonely  
Come get to know me  
Let me change your mindYour mind, your mind  
Your mind, your mind  
Your mind, your mind  
Let me change your mind  
Your mind, your mind  
Your mind, your mind  
Your mind, your mind  
Let me change your mindPretty, pretty girls all around the world  
Pretty, pretty girls maybe you can  
Let me change your mind
