

Call It What You Want (The C & C Pump-It mix)

New Kids on the Block

I can tell you've been watching me
Girl I've been watching you too
I got the feeling you want my love
I must admit I want your love too Call it what you want baby
Girl I call it love
Call it what you want darling
I'll still call it love You know there is something about you, girl
What it is, is kinda hard to say
I only wish we could get away
Give me love and I'll lead the way Call it what you want baby
Girl I call it love
Call it what you want darling
I'll still call it love Na na na na na na na na
Na na na na na na na na It's so groovy
Just to be with you
It's so good babe
Just to dance or anything that you want to do I can feel it
I can feel it
I can feel it
I can feel that love girl Call it what you want baby
Girl I call it love
Call it what you want darling
I'll still call it love You can call it this
You can call it that
You can call it anything girl Call it what you want baby
Girl I call it love
Call it what you want darling
I'll still call it love
