Make It Rain

I Have Come To Kill You

I don't care what they say
Cause I have seen when we run we make it rain
Lets keep going for miles
Playing under these stormy darkened skies
Can you be mine
Push me to the wall
Let them see baby I don't care at all
I'm not letting this go
Like a flower breaking through we've grown
Together now
So I don't care what they say
Cause I have seen when we run we make it rain
There's nothing better than this
And I'll keep wanting you for just one more kiss
Let's make it rain
When the world makes me tired
And my mind feels like it was set on fire
You look at me and smile
With your brown eyes you calm my heart and I
Can breathe again

So I don't care what they say
Cause I have seen when we run we make it rain

There's nothing better than this
And I'll keep wanting you for just one more kiss
Let's make it rain
I'm waiting
For you to become mine
Maybe
This is not the right time
Should we
Hold off just a little while
I'm waiting
For you to become mine
Baby this is not the right time
Should we
Hold off just a little while
Until your mine

Well I don't care what they say
Cause I have seen when we run we make it rain
There's nothing better than this
And I'll keep wanting you for just one more kiss
Can you be mine...
Can you be mine,
Can you be mine,
Oh now you're mine...
