When Love Was Young

Iris DeMent

Look at you, look at me
My heart breaks, as I read our sad storyNever thought that I'd be
Here with you wishing I was free
I never dreamed today would come
When love was youngThere was nothing I would not do
For the chance to see your face
How could I have known back then
That today I'd hesitateWhen you hold me in your arms
I don't yearn for that charm
I never dreamed today would come
When love was youngLook at how our curtain fell
Guess it's true only time can tell
'Bout an endingKids are grown, we've had our day
Guess it's time now to go away
I never dreamed today would come
When love was youngThere was nothing I would not do
For the chance to see your face
How could I have known back then
That today I'd hesitateWhen you hold me in your arms
I don't yearn for that charm
I never dreamed today would come
When love was youngI never dreamed today would come
When love was young, ooh, ooh
