

# Mean Red Spider

## Muddy Waters

I got a mean red spider, and she been webbin' all over town

I got a mean red spider, and she been webbin' all over town

I'm gonna get me a mean black spider, so I can tear her cobweb down

I got a break comin', no need for me to moan

I got a break is sho' comin', no need for me to moan  
That's jus' a mean red spider, she's breakin' up my happy  
home

All right stop this stuff man

Go ahead man

If I don't go crazy, I will surely lose my mind

Well you know if I don't go crazy, I will surely lose my mind

That's jus' a mean red spider, and she jus' bother me all the time
