## Hot Snakes

His embrace a fortress  
Carries me, and places  
A skeleton of trust  
Right beneath us  
Bone by bone  
Rock by rock If you ask yourself patiently  
Who is it, who is it, who is it ? Who is it  
That never lets you down?  
Who is it  
That gave you back your crown?  
The ornaments are  
They're goin' around  
And they're handin' it over, handin' it over Who is it  
That never lets you down?  
Who is it  
That gave you back your crown?  
The ornaments are  
They're goin' around  
And they're handin' it over, handin' it over We all have been to the still place [??]  
We all have learned the lightness  
I carry my pain on my right  
But I carry my joy on my left If you ask yourself patiently  
Who is it , who is it , who is it ? Who is it  
That never lets you down?  
Who is it  
That gave you back your crown?  
The ornaments are  
They're goin around  
And they're handin' it over, handin' it over Who is it  
That never lets you down?  
Who is it  
That gave you back your crown?  
The ornaments are  
They're goin around  
And they're handin' it over, handin' it over, handin' it over
