

# Two Worlds

Corbin Bleu

Two worlds, two worlds  
Two worlds  
Two worlds, one family A paradise untouched by man  
Within this world blessed with love  
A simple life, they live in peace Put your faith in what you most believe in  
Two worlds, one family  
Trust your heart, let fate decide  
To guide these lives we see Two worlds, one family Beneath the shelter of the trees  
Only love can enter here  
A simple life, they live in peace Put your faith in what you most believe in  
Two worlds, one family  
Trust your heart, let fate decide  
To guide these lives we see Softly tread the sand below your feet now  
Two worlds, one family  
Trust your heart, let fate decide  
To guide these lives we see Raise your head up, lift high the load  
Take strength from those that may need you  
Build high the walls, build strong the beams  
A new life is waiting but danger's no stranger here Two worlds, two worlds  
Two worlds, two worlds No words describe a mothers tears  
No words can heal a broken heart  
A dream is gone but where there's hope Put your faith in what you most believe in  
Two worlds, one family  
Trust your heart, let fate decide  
To guide these lives we see Somewhere something is calling for you  
Two worlds, one family  
Trust your heart, let fate decide  
To guide these lives we see Two worlds, two worlds  
Two worlds  
Two worlds, one family  
Two worlds
