James

Dreamer time to awake
No time to be afraid
Enter her secret place
Love her until she breaks
Till she breaks
Till she breaksSkin diving for golden pearls
Found you between the two worlds
Fold you into a star shape
Timelss, an altered state
In a state
In a stateAdventure
To touch a soul
No structure to handle heartbreak
Water has no shape
Surrender
I'll take your weight
Take your weight
Take your weightAttentionAttention
AttentionAttentionThis is you
This is me
Underneath a Manzanita tree
Fire consumes the fruit to seed
We are forged, We are baked
By this fire, We are shaped
Fire love, Fire wildWe don't learn from our mistakes
Stars will fall
Stars will fall
Stars will fall
Underneath a Manzanita tree
We are forged, We are baked
By this fire, We are shaped
Fire love, Fire wild
We don't learn from our mistakes
Stars will fall
Stars will fall
Stars will fall
Underneath a Manzanita tree
